Your Building Leaks!

During this seminar, our experts will educate you to better understand how to identify typical areas and causes of moisture intrusion, including - windows, doors, masonry, EIFS/Stucco and other components of your exterior walls. Learn how to be proactive so you can prevent water intrusion in your building facade by partnering with Knauss Property Services. We will share advice on creative ways you can budget for maintenance and repairs. Q and A with specialty facade contractor, Ralph Knauss, will answer questions specific to your building.
